# Taking Pictures with Camera Awesome

1. Launch the Camera Awesome app by touching the icon:

2. To reverse the camera view (i.e. to take a picture of yourself), touch the Camera Reverse icon in the bottom left:
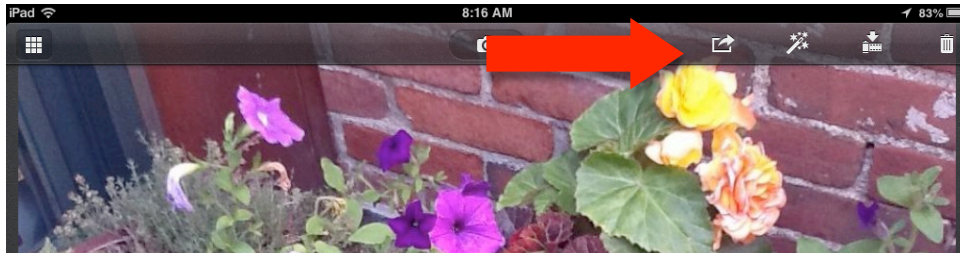

3. Hold up the iPad and touch anywhere on the screen to take a picture. Your picture will appear in a small box in the bottom left of the screen:
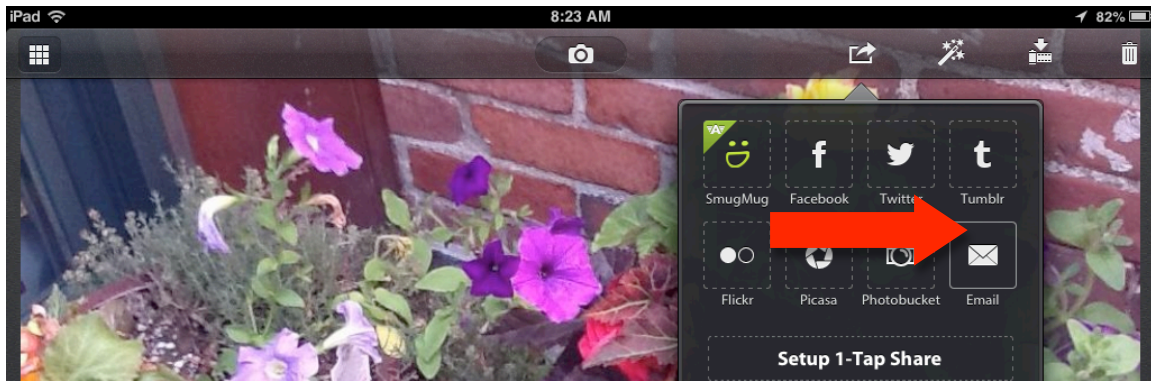

Emailing a Camera Awesome Picture

4. Touch on the picture you have just taken for a menu of options. Touch on the arrow button to launch the email option.

5. Touch the envelope icon to email this picture.

6. Now type the email address of your recipient in the "To:" field and press send.
