Please reference the BU Bulletin for more information: https://www.bu.edu/academics/cfa/programs/school-ofmusic/performance/bm/ The CFA Advising worksheet comprises several parts:

- **The Semester Planner** is designed for students to look at their program semester by semester. Required courses are included as well as suggested slots for electives. While an individual student's course trajectory may differ slightly, following this plan will keep a student on track for on-time graduation.
- The Hub Planner allows students to keep track of their completed Hub requirements; "internal" Hub courses that students will satisfy through major requirements are pre-filled. The complete list of Hub requirements is available on this sheet and online at <u>bu.edu/hub</u>

When you choose electives, fill in the course number and name in the semester planner and the Hub requirements in the Hub planner. Keep this sheet updated and bring it to your advisor each time you register for classes.

Completing the Hub

There are two kinds of Hub requirements, those in the five capacities, and those in the intellectual toolkit plus writing intensive. A 4-credit Hub course will *typically* satisfy two regular requirements and one intellectual toolkit or writing intensive requirements.

Students have several 4-unit courses in their programs devoted to satisfying Hub requirements, noted in the **semester planner** on this worksheet. Each of these can satisfy at most two regular requirements and one intellectual toolkit / writing intensive requirements (2 + 1 rule). Students should have space for an additional one or two electives throughout their program, particularly in the senior year, which may be used to satisfy remaining Hub requirements if needed. Know that some elective courses offered by CFA that fulfill major elective requirements will also satisfy Hub requirements. Consult the Hub website, My BU, and your Academic Advisor for information about "internal" electives that may fulfill Hub requirements.

Finding Hub Courses

As students are choosing their electives, both internally and externally, they should look for courses that interest them and satisfy the Hub requirements that remain unfilled in the Hub planner. Here are three ways to learn more about Hub courses:

My BU: https://mybustudent.bu.edu

• One of the easiest ways to search for Hub requirements is in My BU. Visit Course Catalog – Class Search and Expand Filters. From here, select Hub Requirements under Course Attribute, and even more detailed, specific Hub Requirement under Course Attribute Value.

BU Bulletin: http://www.bu.edu/academics

• The BU Bulletin offers a listing of courses within departments; this will be useful to research "internal" elective options or get a sense of which Hub requirements certain departments might fulfill.

Information about the Hub: http://www.bu.edu/hub

• This website has a lot of information, including details about the educational philosophy and design of the Hub, tips, and links to other resources. You can also find lists of Hub courses on this website.
