This form is used by undergraduate students who are **currently enrolled** in the College of Communication (COM) and are changing their major within COM.

All curriculum guides for the different COM majors can be found on the COM website at: <https://www.bu.edu/com/for-current-students/undergraduate-advising/curriculum-guides-minors/>

COM undergraduate students who want to double major within the College of Communication should schedule a time to meet with a COM Undergraduate Affairs Academic Advisor to declare. Students CANNOT use this form to declare COM double major. COM students can double major with two of the three COM Departments: the Film and Television Department, the Mass Communication, Advertising, and Public Relations Department, or the Journalism Department. (Note: Students cannot double major within the same COM department. For example: a student cannot double major with Public Relations and Advertising because they are offered in the same COM academic department and have significant requirement overlap.) Please meet with a COM Undergraduate Affairs Academic Advisor or see the COM double major fact sheet for more information.

Please be sure to check that you are successfully completing BU Hub general education requirements. All information about the BU Hub general education requirements can be found online at: www.bu.edu/hub.
