Boston University Financial Assistance

Guide to Your Financial Aid – Transfer Students

2024/2025

Welcome to the Boston University Community! We are pleased to offer you financial aid!

We encourage you to share this information with anyone helping you with college expenses. Not all sections of this guide may apply to your specific award, please see the relevant sections for your award. If you have questions or concerns about any aspect of your financial aid, we are here to help!

Next Steps for Admitted Students

- ✓ Pay the enrollment deposit by the deadline listed on your admission notification.
- ✓ File and confirm that BU receives your 2024/2025 FAFSA
- Finalize your tentative financial aid, by <u>uploading 2022 Tax Returns and W-2s to the</u> <u>MyBU Portal</u> so your funds can be credited to your student account. More information on <u>BU aid Confirmation & Federal aid Verification</u> is available on our website.
- ✓ Check your MyBU Applicant Portal for a finalized financial aid award once your 2024/2025 FAFSA and your 2022 income verification documents are reviewed.

* You must be an eligible FAFSA filer as defined by the Department of Education (DOE). More details, including citizenship information can be found on the <u>federal student aid website</u>. You and your parent(s) will need to provide consent for the IRS to transmit your tax data to your FAFSA via Direct Data Exchange. You can get a head start by <u>setting up your FSA ID</u> now!

How Financial Aid Awards are Determined

What is included in my award?

Eligibility for Boston University need-based financial aid is determined using information reported on your CSS Profile. Eligibility for federal student aid is determined using information reported on your FAFSA.

We estimated your 2024/2025 eligibility for federal student aid using the information reported on your CSS Profile due to the delay in the 2024/2025 FAFSA. Once you submit 2022 parent income documents and we receive your 2024/2025 FAFSA data, your award will be finalized for both BU need-based aid and federal aid. Students must meet the citizenship requirements and be eligible to submit a FAFSA to remain eligible for BU need-based financial aid.

Your initial award has been grouped into three (or fewer) categories:

- Total Need-Based Scholarship This need-based scholarship amount includes the total needbased scholarship aid that you will receive from all sources based on your CSS Profile information. The amount includes BU need-based scholarship, Federal, and State need-based grants. These scholarships and grants will **not** need to be repaid.
- **Student Work** Federal Work-Study allows you to earn income for on-campus employment. Federal Work-Study is paid weekly as you earn it and cannot be applied directly to the bill.
- **Student Loan** Federal/state student loans which you will be required to repay.

If you were awarded a **Merit Award upon admission**, you will also see that scholarship included in your award.

How is my award determined?

Your total need-based financial aid, which may include grant, scholarship, loan, and student employment, cannot exceed your demonstrated financial need. Beyond the base level of student loan listed on your initial notification, you can borrow an additional \$2,000 at your discretion. Visit our website for more information on Federal Direct Loan terms.

Aid from all sources, including loans, cannot exceed your total <u>Cost of Attendance</u>, which includes billed and non-billed expenses.

You and your family are responsible for covering the difference between the total billed expenses and your financial aid. <u>To help plan for these expenses</u>, visit our website.

What will my award look like in future years?

With the BU Scholarship Assurance, the total amount of any BU scholarship aid is guaranteed for each of your undergraduate years for a maximum of 8 semesters. The names of individual BU awards may change from year-to-year, but the total dollar amount will not be less than the amount received in your initial year. Your aid cannot exceed your cost of attendance and you must meet academic requirements. Good news! Your BU scholarship aid will increase each year at the same percentage rate as any future tuition increase.

BU uses a unique calculation to determine your demonstrated financial need over 4 years when we calculate your initial award. The calculation assumes that certain younger siblings will enroll in college and older siblings enrolled in college will graduate. This calculation allows us to offer you an award in your first year that takes these future changes into account. As a result, we will not use changes to the number of siblings enrolled in college as a reason to increase (or decrease) your aid in future years.

How to Renew your award?

If you already have a BU need-based scholarship, you will only need to re-file the FAFSA each year to reapply for your federal and state aid. No need to complete the CSS Profile as your BU aid is automatically renewed with BU Scholarship Assurance!

If you have not received BU need-based aid in previous years and are applying as a new applicant, you will need to complete the FAFSA, CSS Profile, and complete an Appeal for Financial Assistance Reconsideration.

How to Maintain Your Eligibility

Sometimes plans change, which is ok! If you are planning to make any of the following changes to your enrollment, let us know so we can help you plan around any potential changes to your award as a result.

• Enrollment - To be eligible for renewal of any financial aid under the BU Scholarship Assurance, you must be enrolled in at least 12 credits each semester. Reducing your enrollment to below 12

credits could result in a loss of part or all of your aid.

- Changing your housing status from Resident to Commuter status.
- Name, Address, Housing, or Degree status.

Maintain satisfactory academic progress - To be eligible for renewal of financial aid, you must maintain a cumulative grade point average (GPA) of 2.00 and complete 75% of your attempted courses. Satisfactory academic progress will be reviewed at the beginning of each academic year. Physical Development Program (PDP) courses are not considered in these determinations. Boston University also requires that students meet this same standard for credit-based loan certification, including federal, state, and private credit-based loans.

Once classes begin, students who withdraw or take a leave of absence during the first semester of the academic year will not be eligible for financial aid until they have completed at least 12 credits with a minimum GPA of 2.00, unless extenuating circumstances are documented.

Eligibility for federal funds is limited to 6 years of full-time undergraduate enrollment. Eligibility for University and state grants is limited to 8 <u>semesters</u> of full-time undergraduate enrollment.

Notify BU Financial Assistance of receipt of additional aid - Federal regulations require that your total financial aid not exceed your demonstrated financial need. You must promptly inform BU Financial Assistance in writing of any additional aid you receive from any source, either within or outside of Boston University, including scholarships, grants, tuition remission, Tuition Exchange Scholarship, ROTC, educational loans, or other aid. If you receive any additional aid, your need-based scholarship will be reduced if your total aid from all sources exceeds your demonstrated financial need.

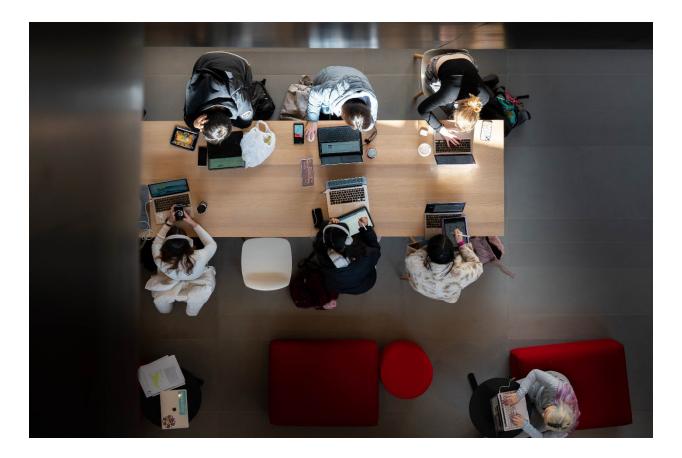

Please be aware of any deadlines or requirements to re-apply for Federal or State grants in subsequent academic years. If you do not receive state grant funds for which you are otherwise eligible, those funds will not be replaced with BU funds.

Fulfill your financial obligations to the University. Your financial aid may be canceled if you do not complete registration and settle your account by each semester's payment deadline.

Appeal for Reconsideration of Need-Based Aid Decision

All appeal petitions are carefully reviewed. Those submitted with supporting documentation of extenuating circumstances tend to be more compelling. Visit our website <u>to download our 'Appeal for</u> <u>Reconsideration' form</u>, learn more about the appeal process, likely outcomes, required documentation, and frequently asked questions.

Your enrollment deposit must be paid by the date stipulated by BU Admissions regardless of the status of any financial aid appeal unless you receive approval for a deposit extension from BU Admissions. Deposit extensions, though rarely granted, are considered only after a financial aid appeal (in writing with required documentation) has been received.

Merit Awards

If your award includes a Boston University Merit-based award, congratulations on your selection!

Your merit award will be automatically renewed if you meet all of the renewal conditions outlined in this guide as well as any <u>specific renewal requirements</u> listed for your award.

Study Abroad – BU Merit awards are available only for academic year study abroad programs operated by Boston University. Tuition-based scholarships will be updated to match the tuition portion of the study abroad program fee if it is less than the standard BU tuition.

Federal/State Financial Aid Awards

If you are not eligible for a BU need-based financial aid award, you are still eligible for Federal and State need-based financial aid as determined by your FAFSA. You will need to submit a new FAFSA each year to assess your eligibility for these funds and must also meet the renewal criteria outlined in this guide.

Scholarships and Grants

Scholarships and grants do not have to be repaid. BU scholarships are made possible in part by generous gifts from alumni and friends of the University. At any time during the academic year your Boston University Scholarship may become a 'named' scholarship if you meet the conditions of an award endowed by a specific donor.

Student Employment

Students are encouraged to work part-time during the academic year. There are many work opportunities on campus even if you did not receive a Federal Work-Study award. For more <u>information on work opportunities</u>, visit our website.

Loans

Unlike scholarships and grants, loans must be repaid. For <u>more information on specific loan</u> <u>programs</u> including Federal Direct Student Loans, Massachusetts No Interest Loans, Federal PLUS Loans, and other credit-based loans, visit our website.

Net Price and Planning to Manage BU Expenses

To plan for both the direct and indirect expenses of BU, please view our <u>Planning</u> <u>Calculator</u> which will provide your Net Price with the award listed in this packet.

By calculating your net price, you can plan for both billed expenses by BU, such as tuition, food and housing, as well as associated expenses that students should plan for but are not directly billed by BU, like books and personal expenses.

Use our <u>planning information</u> to view next steps in planning for your expenses and to learn how to set realistic goals to limit your borrowing and ensure that any debt you accumulate as a BU undergraduate results in manageable repayments. Get tips on how to minimize your expenses and maximize your resources by being proactive in all aspects of your money management.
