

PDP WF 201 Sailing, Intermediate

Instructor: Liz Glivinski

Email: egliv@bu.edu

Phone: 508-789-9756

Meets once per week: 1.0 Credit

Course Description:

Prerequisites: PDP WF 101 or the equivalent sailing experience and successful completion of the Boating Swim Test or Waiver. All students must have passed the boating swim test or sign the swim test waiver in order to take the class. The swim test or waiver must be completed before students can use the sailboats and preferably by the second class period. The course will introduce the technical skills and racing aspects of sailing for students who have completed an introductory sailing course or have had some sailing experience. The course meets for two hours once a week at the BU Sailing Pavilion and will be a combination of land-based lectures and practice as well as on the water instruction.

THIS IS A NONSTANDARD COURSE which means that the deadlines to drop this course differ from most university courses. Please check the Student Link to review these deadlines

Required Equipment:

Sailing is a water sport. Attire depends on the weather. For warm weather, it is good to wear a swimsuit or other quick-drying clothing as well as bring a towel and change of clothes. For cold weather, one should dress in layers. The outermost layer should be waterproof with the rest for warmth. Wool and Fleece work well. Do not wear cotton. Closed toe shoes are best and a waterproof boot or neoprene booties work well for the cold. Students will not be allowed to participate and will be marked as absent if the instructor deems their attire is inappropriate for the weather conditions. Lifejackets are mandatory and are provided by the sailing pavilion.

Course Goals:

Upon successful completion of the course, students will be able to:

- Explain the principles of good seamanship and safe boating
- Apply the problem-solving approach summarized by the phrase, "The next right decision."
- Properly rig and de-rig sailboats
- Demonstrate familiarity with technical sailing vocabulary
- Sail a dinghy in moderate to heavy wind conditions
- Understand the basic rules of sailboat racing
- Successfully compete in a sailboat race
- Safely capsized and right a dinghy and perform man-overboard-drill

Grading Policy:

This class will be graded Pass/Fail, based on attendance. Please visit the [Registrar's website](#) often to view relevant deadlines! Below is a list of possible grades you may receive in this class:

P – Pass: Completed course requirements, 80% or more classes attended

W – Withdraw: If you drop this class after the specified deadline, you will receive a "W" grade.

MG - Missing Grade: If you decide you do not want to take this course, but forget to drop it, this

Attendance Policy & Make-Up Classes:

Because this class is graded solely on attendance and learning is cumulative, it is important that you attend each class. You will need an 80% attendance record to receive a passing grade. You are allowed 2 absences. There are no excused absences. If you have more than 2 absences, you will need to arrange to make up the classes you have missed. In order to make-up a class, you may attend one of the other sailing sections or you may sail during the recreational sailing hours if you have purchased a sailing pass. Two hours of rec sailing will make up for one class. Auditing is not allowed.

Blackboard, FitRec Website & Course Evaluation:

A Blackboard course site may be available for this class online at <http://www.learn.bu.edu> and can be accessed by entering your BU username and password. All students enrolled in this class should have access to this site, even if your school does not use Blackboard. This site will give you access to the course syllabus, any additional content, and allow you to email other students in this class. Emergency cancelations as well as other announcements may also be posted here.

For a detailed explanation of PDP credit class policies, information on registration, or schedules please visit the FitRec's website: <http://www.bu.edu/fitrec/about/physical-education/>

Course evaluations will be sent via email at the end of the semester. Please take the time fill these out – your feedback is very important to us!
