

Lessons Learned from the Great Tohoku Earthquake and Tsunami of 2011

Presented by

Dr. Kazuma Morino

Director, Emergency Medicine at Yamagata Prefectural Center for Emergency
Clinical Professor, Yamagata University School of Medicine

Thursday, September 20 at 5:30 PM

L-110

72 East Concord Street, Boston, MA 02118

Dr. Morino will speak about Japan's disaster management system and his various experiences working in emergency response, patient care and public health in the context of the devastating earthquake and tsunami off the Pacific coast of Tohoku.
