

Organelles – the “body parts” of cells

_____ **1. nucleus**

_____ **2. nucleolus**

_____ **3. mitochondria**

_____ **4. golgi apparatus**

_____ **5. endoplasmic reticulum**

_____ **6. ribosome**

_____ **7. lysosome**

_____ **8. centriole**

_____ **9. chloroplast**

_____ **10. vacuole**

Other important parts of the cell:

_____ **11. plasma membrane**

_____ **12. cell wall**

_____ **13. cytoskeleton**

_____ **14. cytoplasm**
