Timing Considerations	HEC's spring semester runs late, considerably past BU Law's spring semester. 3Ls, will not be able to complete their HEC studies prior to BU Law graduation, or receive final transcripts from HEC in time to meet bar certification requirements for the summer bar. 3L students are therefore encouraged to participate in this exchange program during the fall semester. 2Ls who are interested in spring term studies at HEC may need to make special arrangements with their summer employers to begin work in early July.
Special Notes	The courses offered by HEC Paris are not considered by the ABA as "regularly scheduled law school classes," because, officially, HEC is a business school, not a law school. Therefore, the 12 credits earned at HEC Paris cannot count towards the required minimum 64 credits of regularly scheduled law school classes one must achieve in order to receive the BU Law J.D. degree. All courses at HEC are taught in either English or French. The program is appropriate for students who do not speak any French. On the other hand, while French fluency is not required, French fluency will allow participants a greater breadth of courses from which to create a program of study.
Academic Program Requirements	Students must take a minimum of 24 ECTS credits in a semester.
