#### Biography

Howard Cabral is an Associate Professor of Biostatistics and a co-director of the Biostatistics Graduate Program and the Biostatistics Consulting Group. He has extensive experience in the analysis of longitudinal health data, especially those collected in urban areas with ethnic diversity. His methodological interests are in the analysis of longitudinal data, the effects of missing data on statistical estimation, and statistical computing. Dr. Cabral's collaborative research examines the neurobiological changes in the brain among aging animals as well as those resulting from stroke, dementia, and Parkinson's disease among participants in the Framingham Study, the effects of prenatal cocaine exposure on the child development, a model to decrease homelessness among those dually diagnosed with mental illness and substance abuse disorder, methods of community outreach to those infected with HIV, and interventions to enhance the health and quality of life of retirees. He is also a statistical consultant to the departments of public health in Boston and Cambridge.

**KEY:**

- **SAP:** To make changes to the SAP fields, faculty should contact their department administrator. Staff should contact Melanie Gilreath ([gilreath@bu.edu](mailto:gilreath@bu.edu)). Changes made in SAP will take a week to show up, but Tom Dauria ([tdauria@bu.edu](mailto:tdauria@bu.edu)) can make changes locally if it is time sensitive.
- **Faculty Database:** All changes to the faculty database must be requested through Joline Durant ([jdurant@bu.edu](mailto:jdurant@bu.edu)). Changes made to the faculty database will appear the following day.
- **BU Profiles:** Faculty members can change information in BU Profiles themselves. They may also allow someone else to have access to their profile to make changes. Changes made in BU Profiles will appear following day.
- **Registration Info:** Changes can be requested through Chris Paal ([cpaal@bu.edu](mailto:cpaal@bu.edu)). Updates are run on the 1<sup>st</sup> and 15<sup>th</sup> of the month, but we can manually run the extract at any time if necessary.
