

CURRICULUM VITAE
S. Wade Taylor, PhD, MSW

Associate Dean for Academic Affairs
Clinical Associate Professor
Boston University

Education

PhD, Social Work, Boston College	2011
MSW, Social Work, Baylor University	2003
MDIV, Social Work, Baylor University	2003
BS, Geography, Indiana State University	1996

Academic and Professional Experience

2018 - present	Clinical Associate Professor, Boston University School of Social Work
2011 - present	Associate Research Scientist, The Fenway Institute, Fenway Health
2018 - 2018	Associate Professor w/Tenure, Wheelock College, School of Social Work
2013 - 2018	Assistant Professor of Social Work, Wheelock College
2011 - 2013	Postdoctoral Fellowship, The Fenway Institute, Fenway Health
2009 - 2011	Pre-doctoral Fellowship, Boston College
2004 - 2006	Lecturer, School of Social Work, Baylor University
2003 - 2004	Research Associate, School of Social Work, Baylor University
2001 - 2003	Research Assistant to the Dean, School of Social Work, Baylor University

Administrative and Academic Leadership Experience

2018 - present	Associate Dean for Academic Affairs, Boston University School of Social Work
2009 - present	Behavioral Science Team Member, The Fenway Institute, Fenway Health
2015 - 2018	Chair MSW Program, Wheelock College School of Social Work
2012 - 2018	Biomedical Team Member
2011 - 2018	Epidemiology Team Member

- 2016 Participant, Leadership Institute on College Financials, Colleges of the Fenway, Boston, MA. Daylong institute to provide a big picture view of the economics of higher education.
- 2013 Participant, New England Association of Schools and Colleges (NEASC) Conference Program, Boston, MA. Training preparation for NEASC accreditation standards.
- 2013 Co-Chair, Antiretrovirals and HIV Prevention: A Conversation with Key Opinion Leaders about a New Paradigm (Conference held at Fenway Health, Boston, MA).

Honors and Awards

- 2018 Gordon Marshall Award for Research, Wheelock College
- 2018 Wheelock College Outstanding Contribution to the MSW Program
- 2018 Faculty Host, Dr. Eric Bing, Wheelock College Commencement Speaker
- 2017 Training Fellow, National Institute of Alcohol Abuse and Alcoholism (NIAAA) Fellowship, Boston University School of Social Work, Alcohol and other Drugs Education Program (ADEP). Title: "The Alcohol and Other Drugs Education Program (ADEP) for Social Work Faculty."
- 2003 Excellent in Research, School of Social Work, Baylor University
- 2001 Cum Laude, Baylor University
- 1996 McBeth Talisman Academic Award, Indiana State University

Ongoing

- 2021 – 2022 *SAMHSA Expansion of Practitioner Education (Prac-Ed) grant*, (FOA: FG-19-001). No-cost Extension
Role: Site-PI/Consultant, BU School of Social Work
- 2019 – 2021 *SAMHSA Expansion of Practitioner Education (Prac-Ed) grant*, (FOA: FG-19-001). The purpose of this program is to expand the integration of substance use disorder (SUD) education into the standard curriculum of relevant healthcare and health services education programs. Through the mainstreaming of this education, the ultimate goal is to expand the number of practitioners to deliver high-quality, evidence-based SUD treatment. SAMHSA is beginning the implementation of this program as one of the many steps to reduce barriers to accessing and providing care.

Role: Site-PI/Consultant, BU School of Social Work

Completed

- 2018 – 2019 *Understanding the Acceptability of a Music Intervention on Chronic Pain and Opioid Use Disorder in HIV-infected Patients*, (5K24DA037109), National Institutes of Health/NIDA. This project aims to solicit patient-generated qualitative themes on the acceptability of a novel smartphone-based music intervention “app” among HIV-infected patients who report chronic pain and problematic use of opioids. Data will inform a specified music intervention to be tested in a RCT.
Role: Co-PI, Site-PI, Fenway Health site (Contact PI: Boyer, PI)
- 2016 – 2018 *Integrated HIV Prevention Treatment for HIV-infected Gay and Bisexual Men with Sexual Abuse History*, (1R01MH095624-0), National Institutes of Health/NIMH. This NIMH study is piloting the feasibility and acceptability of a RCT CBT-based intervention to treat trauma symptoms and sexual risk taking in sexual minority men at risk for HIV infection.
Role: Clinician (Contact PI: O’Cleirigh, PI)
- 2016 - 2018 *HIV and Substance Risk among Emerging Adult MSM with a History of Being Bullied*, (P30AI06034), Harvard University Center for AIDS Research. A qualitative study (Phase I) to determine the content of a CBT-based intervention to address histories of bullying in gay and bisexual men that interfere with the uptake of HIV prevention messages, and to openly pilot (Phase II) the intervention to test the feasibility and acceptability of the novel intervention.
Role: Site-PI (Contact PI: C. O’Cleirigh).
- 2015 - 2018 *Integrated Behavioral Treatment for Chronic Pain/Drug Use in Older MSM with HIV*, R21 (1R21DA038197-01), National Institute of Health/NIDA. A comprehensive qualitative and quantitative assessment to determine the magnitude and significance of direct and indirect relationships among opioid use/abuse, engagement in care, and HIV medication adherence among older HIV-infected sexual minority men who report chronic pain.
Role: Co-Investigator/Project Director (Contact PI: C. O’Cleirigh).
- 2011- 2017 *Integrated HIV Prevention Treatment for Gay and Bisexual Men with Sexual Abuse History*, R01 (1R01MH095624-0), National Institutes of Health/NIMH. This study tested the efficacy of a CBT-based intervention to treat childhood sexual abuse-related trauma symptoms and sexual risk taking in sexual minority men at risk for HIV infection.
Role: Clinician (Contact PI: C. O’Cleirigh).
- 2012 - 2017 *Body Image and Self-care in HIV-infected Men Who have Sex with Men (MSM)*, K23 (1K23MH096647-01A1), National Institutes of Health/NIMH. This study is pilot testing a novel CBT-based intervention to address trauma-related symptoms

among young sexual minority men who have a history of being bullied.
Role: Clinician (Contact PI: Blashill).

- 2012 - 2016 *Optimizing Antiretroviral Prevention by Enhancing PrEP Adherence in Gay and Bisexual Men*, R34 (1R34MH095584-01), National Institutes of Health/NIMH. This study determined the optimal content for a PrEP adherence intervention, openly piloted a PrEP adherence, and implemented a pilot randomized controlled trial of a PrEP prescription plus adherence package.
Role: Data Analyst (Contact PI: K. Mayer).
- 2012 - 2014 *Sustaining Effects of Contingency Management on Stimulant use in HIV-infected Gay and Bisexual Men*, Center for AIDS Research, Harvard University. This study developed, implemented, and evaluated a combined contingency management (CM) and behavioral activation therapy (BAT) intervention aimed at HIV-infected individuals who were using crack/cocaine or methamphetamine.
Role: Clinician (Contact PIs: M. Mimiaga/J. Mitty).
- 2011 - 2013 *Efficacy of Cognitive Behavioral Therapy for Adherence and Depression in HIV Care Settings*, RO1 (2R01MH084757-02), National Institute of Health /NIMH. The goal of this study is to develop and test a CBT intervention for depression and HIV medication adherence for patients in HIV-care settings.
Role: Clinician (Contact PI: Safren).
- 2011 - 2013 *HIV Prevention in Very High-Risk Gay and Bisexual Men II: A Pilot Intervention*. Center for AIDS Research, Harvard University. National Institutes of Health/NIAID. This study developed and pilot tested a CBT-based intervention to reduce sexual transmission risk episodes, increase engagement in care and increase overall mental, physical and sexual health of HIV-infected patients.
Role: Project Director (Contact PI: C. O’Cleirigh).
- 2010 - 2011 *HIV Prevention in Very High-Risk Gay and Bisexual Men I*. Center for AIDS Research, Harvard University. National Institutes of Health/NIAID. This two-phase study (qualitative and quantitative) was developed to gather comprehensive cross-sectional data on the psychological, behavioral, and contextual factors associated with HIV-infected gay and bisexual men who engage in very high risky sexual behavior.
Role: Project Director (Contact PI: C. O’Cleirigh).
- 2009 - 2010 *Integrated HIV Prevention Treatment for Gay and Bisexual Men with Sexual Abuse History*, R34 (1R34MH081760), National Institute of Health/NIMH. This study developed and pilot tested in a clinical trial a behavioral treatment to treat childhood sexual abuse-related trauma symptoms and sexual risk taking in sexual minority men at risk for HIV infection. This study set the foundation for a subsequent RO1.
Role: Clinician (Contact PI: C. O’Cleirigh).

TEACHING EXPERIENCE

Courses at Boston University

Graduate Courses

SR 743: *Social Research I*
Spring 2019 (19 students)

Courses at Wheelock College (2013 – 2018)

Undergraduate Courses

SWK 227: *Dynamics of Oppression and Privilege*
Fall 2013, Spring 2014, Fall 2014, Spring 2015, and Spring 2015 (as overload)
(10-24 students)

HON 401: *Honors Project* (Anne Rose McGunagle).
Title: *Exploring the Varied Impacts of Societal Heteronormativity on Lesbian Parents*
Spring 2016

Graduate Courses

SWK 510: *Human Behavior and the Social Environment I*
Fall 2013, Fall 2014 (14-24 students)

SWK 530: *Social Research Methods*
Spring 2014, Spring 2015 (14-19 students)

SWK 546: *Multicultural Social Work Assessment*
Spring 2017 (11 students)

SWK 690: *Integrative Project Seminar I*
Fall 2013, Fall 2014, Fall 2015, Fall 2016, Fall 2017 (20-38 students)

- Train junior colleagues about Institutional Review Board (IRB) standards and study-specific operating procedures for quality control and research compliance

Faculty Guest Lectures

SWK 205: *Introduction to Social Work*

Title: Introduction to Clinical Research Social Work Practice at Fenway Health
Spring 2015, Fall 2016

HON 350: *Research Across the Disciplines*

Title: Conducting Qualitative Research in an Interdisciplinary Healthcare Setting
Fall 2014

Baylor University School of Social Work (2003 – 2006)

Undergraduate Courses

Research for Social Work Practice

Equipped baccalaureate students to read, critically evaluate and use empirical research to improve practice effectiveness and conduct practice-based research

Graduate Courses

Graduate Research Seminar

Facilitated the development of agency-based, IRB-approved research projects that were implemented in second-year, advanced field internships

Graduate Research Project

Builds upon Research Seminar to complete a major research project related to area of social work concentration

MSW Capstone

Provided students in a seminar format at the end of the MSW process to demonstrate readiness to practice social work at an advanced level in their area of concentration
