ET 753 Ethics	Fall, Spring, Summer	Must Be In Advanced Placement (2nd Year)			3cr	
Total					10	

Student Signature _____

Total Program Credits: 65

Any changes to this plan must be made with the Director of the Student Services, Junior Pena at junipena@bu.edu

Any student who wishes to do a specialization should reach out to the [Specialization Coordinator](#) before the program begins.

To secure a loan, one must be enrolled in at least 6 credits in a given semester including summer.

**These electives are any advanced course in the Clinical Practice (CP), Human Behavior (HB), Welfare Policy (WP), or Macro Practice (MP) Departments (not the foundation courses: CP 755, HB 720, WP 700/701 or MP 759).*

At least three electives must be one CP, one HB, and one WP elective.

***All students must take an advanced clinical practice course during at least one semester of the advanced placement.*

It is highly recommended that at least one additional advanced practice elective be taken during the other semester(s) of the advanced placement.
