**Welcome to our class!** Here are a few questions that will help me get to know you better and make our classroom a good place for learning.

1. What is your name in the university records?
2. What would you like me to call you?
3. What are your pronouns (For example: they/them, she/her, he/him, xi/hir, etc.)?
4. Review our syllabus, especially the policies and resources under the heading "Course Information." Then, ask me one question you have about the class:
5. If you have conditions or impairments that interfere with your learning, how could this class be a better environment for you? (For example: do you need to get up to stretch during class, dimmed lights, advance warnings about specific content, large print on slides, etc.?)
6. Is there anything else you'd like me to know?
